Resists Payment of R. R. Tax.

About sixty years ago Carter Rowan, and Elliott counties voted bonds for the construction of the old Elizabethtown, Lexington & Big Sandy R. R. which was never built. The bondholders brought suit to enforce a special tax levy to pay off these bonds, after long litigation the counties lost the case. The court ordered a tax levied and the counties to pay the debt. This they refused to do, and an attachment of some goods belonging to an Olive Hill merchant was issued and the goods removed from his store to be sold for tax to pay off these bonds. The night before the sale was to have been made, 1,000 or more of the best citizens of Carter and Elliott counties entered the town of Olive Hill, seized the goods levied on for the tax and returned them to their rightful owner and fired volley after volley in the streets which was as much to say war, but no tax to pay for something we never received.

Now Volume XII.

With this issue we begin a new volume, the TIMES having rounded out eleven years of existence. A newspaper in a county like Powell may take courage after successfully enduring the strenuous efforts necessary to keep a local paper going eleven years. In eleven more years hard battling if we can surpass our present efforts to the same degree we now surpass our beginning eleven years ago, we will be satisfied so far as the final result is concerned. The people of Clay City and Powell county have grown in the past five years more liberal in their patronage of local papers and we find success awaiting us whenever we do our part.

Buys Another Farm.

R. W. Garrett has purchased eighty acres of the Marcum place near this city for \$600.00. The place has on it 1,000 peach trees now beginning to bear. As the fruit business for this section is commanding more attention of late, Mr. Garrett with his newly acquired large orchard may now be considered a leader in the enterprise, which we believe, if rightly followed up, will be an important factor in the final upbuilding of the this section of the State.

Clay City Wet Again.

At the regular meeting of the City Council last night saloon license were issued to the two saloons formerly doing business in the city. Attorney Henry Watson, representing the saloon people, was present and contended that the individual vote taken by this city when it voted for whiskey a few years ago, could only be annulled by a vote being taken by the city in the same way and it voting dry. He contended that the County election two years ago could not possibly effect Clay City. Councilman Dr. Littlepage protested vigorously against the issuance of any license until compelled to do so by the courts.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
